Sample

This is a sample slide. Assuming to use <u>xelatex</u> . Plain changes

(1) title page, frametitle, framesubtitle
(2) navigation symbols (only w/ page number w/o title page)
(3) enumerate

   (A) Enumerate label items are changed.

      (a) First lebel: (1)
      (b) Second lebel: (A)
      (c) Thirt lebel: (a)

   (B) Font size for all levels are the same.

I added \boxalert command, which changes font color to <u>red</u> w/ underline.
